Editorials

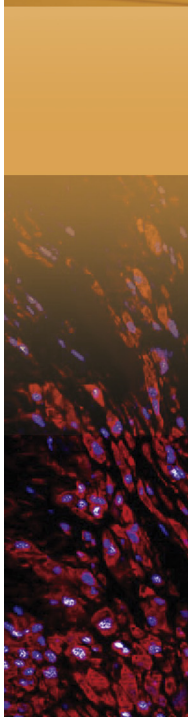

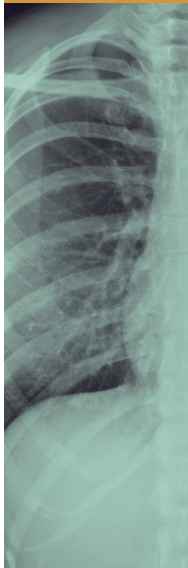

- 277 Stethoscopes and Health Care—Associated Infection**
Dennis G. Maki
- 281 Looking for the Treatment for Drug Shortages: Not a Simple Prescription**
Arnold J. Berry

Mayo Sesquicentennial

- 284 You Trained at Mayo Clinic? Wow!**
Mark A. Warner

Original Articles

- 291 Contamination of Stethoscopes and Physicians' Hands After a Physical Examination**
Yves Longtin, Alexis Schneider, Clément Tschopp, Gesuèle Renzi, Angèle Gayet-Ageron, Jacques Schrenzel, and Didier Pittet
- The stethoscope should be regarded as an extension of the physician's hands and be disinfected after every patient contact.
- 300 Racial Disparities in Survival for Patients With Clinically Localized Prostate Cancer Adjusted for Treatment Effects**
Mark D. Tyson II and Erik P. Castle
- Even after adjustment for treatment effects, the overall survival of blacks was clearly lower than that of whites and other minority groups.
- 308 Prostate Cancer Ki-67 (MIB-1) Expression, Perineural Invasion, and Gleason Score as Biopsy-Based Predictors of Prostate Cancer Mortality: The Mayo Model**
Matthew K. Tollefson, R. Jeffrey Karnes, Eugene D. Kwon, Christine M. Lohse, Laureano J. Rangel, Lance A. Mynderse, John C. Cheville, and Thomas J. Sebo
- Long-term prostate cancer outcomes are best estimated with a combination of Gleason score, perineural invasion, and Ki-67 expression.
- 319 Frequency and Implication of Autoimmune Serologies in Idiopathic Pulmonary Fibrosis**
Teng Moua, Fabien Maldonado, Paul A. Decker, Craig E. Daniels, and Jay H. Ryu
- Positive autoimmune serology results were observed in nearly 1 in 3 patients with pathologically confirmed idiopathic pulmonary fibrosis but posed no clinical or survival advantage.
- 327 Isometric Exercise Training for Blood Pressure Management: A Systematic Review and Meta-analysis**
Debra J. Carlson, Gudrun Dieberg, Nicole C. Hess, Philip J. Millar, and Neil A. Smart
- Isometric resistance training produces blood pressure reductions similar to those with aerobic or resistance exercise alone, but with a markedly smaller time commitment.

- 335 A Pooled Analysis of Waist Circumference and Mortality in 650,000 Adults**
James R. Cerhan, Steven C. Moore, Eric J. Jacobs, Cari M. Kitahara, Philip S. Rosenberg, Hans-Olov Adami, Jon O. Ebbert, Dallas R. English, Susan M. Gapstur, Graham G. Giles, Pamela L. Horn-Ross, Yikyung Park, Alpa V. Patel, Kim Robien, Elisabete Weiderpass, Walter C. Willett, Alicja Wolk, Anne Zeleniuch-Jacquotte, Patricia Hartge, Leslie Bernstein, and Amy Berrington de Gonzalez  

Higher waist circumference was positively associated with higher mortality at all levels of body mass index.

- 346 Safety and Efficacy of Extracorporeal Shock Wave Myocardial Revascularization Therapy for Refractory Angina Pectoris**

Andrew Cassar, Megha Prasad, Martin Rodriguez-Porcel, Guy S. Reeder, Darshak Karia, Anthony N. DeMaria, and Amir Lerman  

In this multicenter feasibility study, extracorporeal shockwave myocardial revascularization seems to be a safe and efficacious treatment for patients with refractory angina pectoris.

Diagnosis & Treatment Guidelines

- 355 My Treatment Approach to Management of the Pregnant Patient With Inflammatory Bowel Disease**

Susie W. Ng and Uma Mahadevan

Special Articles

- 361 Drug Shortages: A Complex Health Care Crisis**

Erin R. Fox, Burgunda V. Sweet, and Valerie Jensen  

The ongoing drug shortage problem in the United States is, in fact, a form of health care rationing that affects clinicians and patients on a daily basis.

- 374 Leadership Models in Health Care—A Case for Servant Leadership**

Victor F. Trastek, Neil W. Hamilton, and Emily E. Niles 

Reviews

- 382 Alcohol and Cardiovascular Health: The Dose Makes the Poison...or the Remedy**

James H. O'Keefe, Salman K. Bhatti, Ata Bajwa, James J. DiNicolantonio, and Carl J. Lavie 

- 394 Succinct Review of the New VTE Prevention and Management Guidelines**

Amy West Pollak and Robert D. McBane II 

Residents' Clinic

- 409 84-Year-Old Man With Night Sweats, Weight Loss, and Diarrhea**

Taiwo N. Ngwa, Arthur Beyder, and Santhi S. Vege

Symposium on Regenerative Medicine

- 414 Cellular Therapy for Liver Disease**

Robert C. Huebert and Jorge Rakela 

Letters to the Editor

- 425 Anesthesia-Assisted Sedation Getting Notice by Medicare**

Ronald L. Hirsch

- 425 In reply—Anesthesia-Assisted Sedation Getting Notice by Medicare**

Emmanuel C. Gorospe and Amy S. Oxentenko

- 426** Population-wide Sodium Reduction: Reasons to Resist
James J. DiNicolantonio, James H. O'Keefe, and Sean C. Lucan
- 427** In Reply—Population-wide Sodium Reduction: Reasons to Resist
Kristal J. Aaron and Paul W. Sanders

Please note that articles with an "e" page designation are available only in the online version of the Journal at www.mayoclinicproceedings.org

Mayo Sesquicentennial

- e23** Pediatrics Practice at Mayo Clinic—A Historical Vignette
Philip R. Fischer, David J. Driscoll, Ann M. Reed, and Christopher Moir 

Medical Images

- e27** A 68-Year-Old Violinist Who Developed Diplopia
Ami Schattner and Joshua Friedman 

Art at Mayo Clinic

- e29** Emerald Green & Cobalt Blue "Groove;" Blue in Blue Seed; and Green in Cobalt Stingray by Benjamin Edols and Kathy Elliott
Margaret R. Wentz 

Other Features

- 19A** Professional Opportunities
