Table of Contents

February 2015 Volume 90 Number 2

The March online issue of *Proceedings* will be available by Monday, March 2.  
Sign up for an alert to the online Table of Contents at [www.mayoclinicproceedings.org](http://www.mayoclinicproceedings.org)

## Editorial

### 163 The Impact of Testosterone Therapy in Men on Cardiovascular Risk: Don't Be Too Quick to Condemn

Matthew T. Gettman

## Original Articles

### 166 Developing the Surveillance Algorithm for Detection of Failure to Recognize and Treat Severe Sepsis

Andrew M. Harrison, Charat Thongprayoon, Rahul Kashyap, Christopher G. Chute, Ognjen Gajic, Brian W. Pickering, and Vitaly Herasevich  

This algorithm accurately identified patients with severe sepsis that bedside clinicians failed to recognize and treat in a timely manner.

### 176 Hospitalization Rates and Utilization Among Patients With Rheumatoid Arthritis: A Population-Based Study From 1987 to 2012 in Olmsted County, Minnesota

C. John Michet III, Katerina Strobova, Sara Achenbach, Cynthia S. Crowson, and Eric L. Matteson 

Patients with rheumatoid arthritis experience higher rates of hospitalization for all causes than the general population.

### 184 Associations Between Television Watching and Car Riding Behaviors and Development of Depressive Symptoms: A Prospective Study

Xuemei Sui, Wendy J. Brown, Carl J. Lavie, Delia S. West, Russel R. Pate, Jonathan P.W. Payne, and Steven N. Blair  

Associations between time spent in car riding and television viewing, with depressive symptoms, were only significant among people who did not meet current physical activity recommendations.

### 194 The Effects of Fatigue and Dissatisfaction on How Physicians Perceive Their Social Responsibilities

Erin P. O'Donnell, Katherine M. Humeniuk, Colin P. West, and Jon C. Tilburt  

Patients with rheumatoid arthritis were hospitalized for all causes at a greater rate than patients without rheumatoid arthritis.

### 202 Correlation of Geomagnetic Activity With Implantable Cardioverter Defibrillator Shocks and Antitachycardia Pacing

Elisa Ebrille, Tomas Konecny, Dana Konecny, Radim Spacek, Paul Jones, Pavel Ambroz, Christopher V. DeSimone, Brian D. Powell, David L. Hayes, Paul A. Friedman, and Samuel J. Asirvatham 

This large study suggests that higher geomagnetic activity does not increase risk of arrhythmias.

- 209**    **Bariatric Surgery in Patients With Cirrhosis With and Without Portal Hypertension: A Single-Center Experience**  
*Laura Pestana, James Swain, Ross Dierkhising, Michael L. Kendrick, Patrick S. Kamath, and Kymberly D. Watt*   
Bariatric surgery can result in significant weight loss and improvement in metabolic syndrome in patients with cirrhosis.
- 216**    **The Association Between Thromboembolic Complications and Blood Group in Patients With Atrial Fibrillation**  
*Jodi M. Blustin, Robert D. McBane, Matylda Mazur, Naser Ammash, Ondrej Sochor, Diane E. Grill, and Waldemar E. Wysokinski*  
Blood group O may be protective against peripheral cardioembolic complications of nonvalvular atrial fibrillation.

## Special Articles

- 224**    **Testosterone Therapy and Cardiovascular Risk: Advances and Controversies**  
*Abraham Morgentaler, Martin M. Miner, Monica Caliber, Andre T. Guay, Mohit Khera, and Abdulmageed M. Traish*   
Overwhelming scientific evidence confirms that testosterone treatment of hypogonadism in men improves cardiovascular risk factors and reduces the risk of mortality.
- 252**    **The Founding of the Mayo School of Graduate Medical Education**  
*Christopher J. Boes, Timothy R. Long, Steven H. Rose, and W. Bruce Fye* 

## Review

- 264**    **Transient Global Amnesia**  
*Julieta E. Arena and Alejandro A. Rabinstein* 

## Concise Review for Clinicians—CME Credit Offered

- 273**    **Thinking Beyond New Clinical Guidelines: Update in Hypertension**  
*Benjamin R. Griffin and Carrie A. Schinstock* 

Please note that articles with an “e” page designation are available only in the online version of the Journal at [www.mayoclinicproceedings.org](http://www.mayoclinicproceedings.org)

## Residents' Clinic

- 280**    **62-Year-Old Man With Persistent Postoperative Nausea and Vomiting**  
*Badr F. Al Bawardy, Douglas A. Simonetto, and Matthew T. Drake*
- e11**    **81-Year-Old Woman With Left Hip Pain**  
*Cletus T. Moma and Nancy L. Dawson* 

## Symposium on Pain Medicine—CME Credit Offered

- 284**    **Epidemiology, Diagnosis, and Treatment of Neck Pain**  
*Steven P. Cohen*

## Symposium on Regenerative Medicine—CME Credit Offered

- 300**    **Optical Stimulation for Restoration of Motor Function After Spinal Cord Injury**  
*Grant W. Mallory, Peter J. Grahn, Jan T. Hachmann, J. Luis Lujan, and Kendall H. Lee* 

---

**Letter to the Editor**

---

- 308** Orthostatic Intolerance in Acute Vestibular Neuritis  
*Gregory T. Whitman and Bill J. Yates*

---

**Medical Images**

---

- 310** Sister Mary Joseph's Nodule  
*Sakkarin Chirapongsathorn and Patrick S. Kamath* 

---

**Stamp Vignette on Medical Science**

---

- e17** Oscar (Oskar) Minkowski: Discovery of the Pancreatic Origin of Diabetes  
*Robert A. Kyle, David P. Steensma, and Marc A. Shampo* 

---

**Art at Mayo Clinic**

---

- e19** *Urchin Vessel* by Deanna Clayton and *Crosshatch* by Keith Clayton  
*Margaret R. Wentz* 

---

**Other Features**

---

- 27A** Professional Opportunities

---

**Coming Soon...**

---

Emerging Issues in Bacterial Resistance

Best Practices for Chronic Migraine Patients

Insulin Therapy Delivered Via Pen Needle in Obese Patients

Prognostication for Peripheral Artery Disease and Mortality

Adverse In-Hospital Events Increase Mortality

Quadrilateral Space Syndrome
